

**TOMORROW'S PARKING MANAGEMENT  
SOLUTIONS TODAY**

# About PPS

Combining 10 years experience in the private parking market and over 18 years in Operations Management in the building and financial industries, PPS are very astute to the ever changing laws and regulations in the parking market.

PPS operate with the highest standards of integrity and compliance to ensure that your land is maintained and managed offering you the best transparent, legal and one-stop-shop solution guaranteeing the finest and rewarding customer experience.

PPS are proud to specialise in providing compliant, safe and secure parking management and surveillance services with a focus on high-quality customer service and state-of-the-art ANPR and CCTV cameras

**“Finding Inspiration in Every Turn”**

# Our Services

At PPS, we offer comprehensive parking and land security services. Our team are dedicated to providing high-quality customer service and ensuring your land or premises are safe and secure.

## Parking Management

Our parking management services include everything from car park site design to site enforcement, parking payment solutions and maintenance. Our extensive experience allows us to develop a fully functioning and profitable car park. We use the latest equipment and technology available such as ANPR camera technology, cashless payments and pay & display machines to ensure your site is managed efficiently for all motorists. All of our solutions are tailor made and can also include options such as self ticketing.

### PPS Unique ANPR Individual Bay Monitoring

PPS provide an ANPR managed individual bay monitoring system ensuring your specialised bays are not abused by unauthorised vehicles.

## Payment Solutions

**Pay On Foot** Providing you with the most cost effective and customer friendly range of Pay on Foot payment machines.

**Cashless Payments Via Mobile App** enabling motorists to manage their parking from their mobile phone.

**Season Tickets** Weekly, monthly or yearly season tickets generating additional income on your sites.

**Intelligent Data Reporting** Using live data captured from our ANPR technology we intelligently monitor car park usage, identify trends and predict customer behaviours.

## **CCTV Security Surveillance**

We utilise state-of-the-art CCTV security cameras to monitor your property and ensure the safety of your customers, employees, and assets. Our cameras are strategically placed to provide maximum coverage and protection. We can also offer you the opportunity to utilise a state-of-the-art ARC surveillance management system to manage your CCTV camera system.

## **Land Leasing**

Not only do PPS manage car parks on behalf of our clients, but we will also lease land. This can either be an existing car park or vacant land that we can develop into a fully functioning car park. We are always looking for new car parks or suitable land across the UK to add to our portfolio.

## **Consultancy Services**

We offer consulting services to help you optimise your parking and land security operations. Our team will work with you to identify areas for improvement and develop a customised plan to meet your unique needs.

## **Other Services**

Our sister company TABU Holdings offers and provides a range of services such as: construction, training, electrical installations and surveys, fire risk assessments, civil engineering, fencing and automation.
